Code ****, (13) Remarks.

Farm Machinery and Equipment Exemption

Substitute House Bill 1906 exempts farming machinery and equipment from state property tax. It declares that all machinery and equipment owned or has been leased on a capital lease by a farmer whose personal property is exempt from property taxes levied for any state purpose if the items are used exclusively in growing and producing agricultural products during the calendar year for which the claim for exemption is made. This exemption applies to taxes levied for collection in 2010 and every following year. To qualify, farm machinery and equipment must be used exclusively in growing and producing agricultural products.

To apply for this exemption, please check this box and a Qualification Questionnaire will be sent to you.

- * Retail selling price to include transportation and installation costs. Do not include sales tax, maintenance, service or interest charges.
 - ** For monthly rentals, do not include sales tax, maintenance, service or interest charges.
